PROFILE

I am 22 years old and hold a degree in Systems Engineering. I have been venturing into web design (MERN stack) since 2019 and I am currently seeking new opportunities, eager to contribute my knowledge to a dynamic and collaborative team.
Additionally, I have experience in Photoshop and Illustrator, and knowledge of mobile development, PowerBI, Python, and SQL.

WORK EXPERIENCE

Systems Responsible & Community Manager, Grupo Salvis

Buenos Aires, Argentina

apr 2019 — feb 2024

Website design, server management, corporate email, communication management, advertising, technical service.

IT projects completed:
• Design of presentation vCard (webApp & NFC).
• Development of Interactive WhatsApp Bot with Node and Express.
• Development and deployment of an online multiquoter made with Next.js (with CRM functions).
